### \* Notes:

Only one membership category can be applied for.

Junior members will automatically become ordinary members or associate members upon reaching the age of 16, depending on whether or not ordinarily resident in the parish of Assynt.

Ordinary and associate membership can be interchanged with change of address, as required, but please remember to notify us when moving to/from Assynt as your ordinary residence, so we can keep your membership category up to date.

Full wording of the Objects (charitable aims) of the organisation are in our Memorandum & Articles of Association (see documents section of our website).

Broadly speaking, they are:

Advancing community development, rural regeneration, education, arts, culture, recreational facilities, environmental protection and relief of those in need due to disadvantage, within Assynt.

The organisation may by resolution in a General Meeting change these membership fee amounts, which may then be different for different categories of membership. If so, members will be notified of the resolution to change, ordinary members may vote on the resolution to change, and members will be notified of any change, and may then choose to cease their membership if they wish. (Membership can anyway be ended by a member at any time.)

Late payment may by discretion be acceptable to ADT. Payment above the required amount is welcome, as a donation towards our work. Payment for multiple years in advance is welcome, although at the member's risk, in the case of future years of membership not coming to pass for any reason.

# Assynt Development Trust Limited

Membership payment or other donations can be made by completing the standing order form below, or alternatively, in cash delivered to ADT's office, by cheque, or by bank transfer. However paying, please make sure we have your contact details and membership form, and can identify your payment/s as being for this purpose. If paying a relatively small amount at one time, please consider payment by a method which doesn't incur relatively high bank charges.
